

ACME CORP

Expense & Travel Policy

Document ID: ACME-FIN-003 | Effective Date: January 1, 2026 | Version 2.1 | Classification: Internal Use Only

Note: This document contains synthetic, AI-generated sample data created for a university demonstration project. Acme Corp is a fictional company. No real organization's confidential information is represented here.

1. Purpose and Scope

This policy governs the reimbursement of business-related expenses incurred by Acme Corp employees during approved business travel, client meetings, and day-to-day operations.

2. Approval Thresholds

- Expenses under \$150 do not require pre-approval and may be submitted directly for reimbursement.
- Expenses between \$150 and \$1,000 require prior written approval from the employee's direct manager.
- Expenses exceeding \$1,000, including all international travel, require approval from a Department Vice President before booking.
- Client entertainment expenses exceeding \$500 require additional approval from Finance.

3. Daily Meal Allowance (Per Diem)

While traveling for business, employees are entitled to a daily meal allowance of \$75 USD for domestic travel and \$100 USD for international travel, covering breakfast, lunch, and dinner combined.

Alcoholic beverages are reimbursable only when directly related to approved client entertainment and must not exceed \$50 per event without Finance pre-approval.

4. Travel Booking

All flights and hotels must be booked through Acme Corp's designated travel portal, Concur Travel, to ensure corporate rates and duty-of-care tracking.

- Domestic flights: Economy class required for flights under 5 hours; Economy Plus permitted for flights over 5 hours.
- International flights: Premium Economy permitted for flights over 8 hours with manager approval.
- Hotel bookings should not exceed \$250 per night domestically or \$350 per night internationally without VP approval.

5. Ground Transportation

Rideshare services (Uber, Lyft) and taxis are reimbursable for business travel. Personal vehicle mileage is reimbursed at \$0.67 per mile, consistent with the current IRS standard mileage rate.

Rental cars require Acme Corp's corporate insurance add-on; personal auto insurance policies are not considered sufficient coverage for business rentals.

6. Submission and Reimbursement Timeline

All expense reports must be submitted with itemized receipts via the Acme Expense Portal within 30 calendar days of incurring the expense. Reports submitted after 60 days will not be reimbursed except in extenuating circumstances approved by Finance.

Approved reimbursements are processed within 10 business days and paid via direct deposit alongside the employee's regular payroll cycle.

7. Non-Reimbursable Expenses

- Personal entertainment, including movies, spa services, and personal gym access at hotels.
- Traffic violations, parking tickets, and other fines incurred during business travel.
- First-class airfare, unless approved in advance by the Chief Financial Officer.
- Spousal or family member travel costs, unless explicitly pre-approved as part of a relocation package.
